

Endicia USPS Shipping v3.0.0

November 22,
2018

With the help of this Endicia USPS shipping module, the admin can integrate the store with Endicia platform for creating USPS shipments.

Endicia usps Shipping extension will allow the admin to directly create shipments for orders from backend.

Moreover, the admin can check Endicia account details, buy additional postage, and print USPS shipment label in PDF format.

Important Notes:

- Origin address must be from the United States.
- The admin needs to have an active account on Endicia and USPS.

Features

- Admin can Buy Endicia Postage.
- Admin can check the account details.
- Endicia shipping rate will be calculated from the store's address.
- Admin can enable or disable the USPS Endicia Shipping method.
- Admin can set the USPS Endicia shipping method name that will be shown on the storefront.
- Ability to download Invoice and Shipping Slip easily.
- Admin can set packages request type.
- Admin can download USPS Endicia Shipment Label in PDF format.
- Supports International Shipping Rates and Shipping Label.

How To Get Endicia Account Credentials?

At the time of creating a new account on Endicia, you set your Passphrase. After that, you will receive the Account ID in the registered email address. To create a new account on Endicia, [click here](#).

sales@endicia.com
to me

Your Endicia postage account is now available. Your account number is: 1267908

You will soon be able to quickly and easily print postage. If this is your first time using Endicia, here are a few steps to help get you started.

1) Download the Endicia Professional Suite:

Software summary:

- Endicia Professional contains Endicia Professional Suite, DAZZle and Printable Postage
 - a. Endicia Professional helps you create and print shipping labels in volume.
 - b. DAZZle helps you quickly create and print shipping labels
 - c. DYMO Printable Postage helps you quickly and easily print First Class postage for letters or packages.

You can download the Endicia Professional Suite by clicking on this link:

<http://download.endicia.com/EndiciaProFullSetup.exe>.

2) Set up your Endicia account information:

Start Endicia Professional and the Account Setup Wizard guides you through the process of configuring your databases and labels, setting up your E printing postage.

You will need the account number listed above and also the passphrase you entered during sign-up. This passphrase is also used to access and up <https://www.endicia.com:443/login>.

3) Get the most out of Endicia Professional

At any time, you may access the Endicia Professional online Help at: <https://www.endicia.com:443/EndiciaProfessionalHelp/>

**Webkul – Endicia Integrated Partners

While putting concerted efforts to the development of huge number of extensions and

- Jet
- Walmart

- It is a proud for Webkul to get partnered with leading provider of internet-based postage services for e-commerce businesses of all sizes.
- For getting more benefits, log in to [Endicia via Webkul](#).
- Endicia Professional plan provides a seamless way to integrate USPS® fulfillment to your shipping operations.

Module Configuration

After installing the module successfully, log in to the admin panel and navigate to **Stores > Configuration > Sales > Shipping Methods > Marketplace USPS Endicia**. The following options will be available:

Enabled for Checkout – Select **Yes** to show USPS Endicia shipping method at the checkout. Else select **No** for hiding this shipping method.

Title – Set the frontend title for this shipping method.

Account-ID – Enter your Endicia account number here. Then, Endicia assigns a unique Account ID when you sign up for the Endicia Label Server Web Service.

The Account ID is associated with an Endicia postage account and holds information about postage transactions as well as available balance for printing postage.

Passphrase – Enter your Endicia account passphrase here. The Pass Phrase is a long and complex password. During the new account sign-up process, you will have to select a temporary Pass Phrase for the account.

Machinable – It is set to Yes by default. If the mailpiece is non-machinable, please select No. In case a parcel select ground mailpiece is marked as machinable is over 35 lbs. in weight, it will automatically be charged for the non-machinable price.

Endicia Mailpiece Shape – Select the mailpiece shape to use for shipments – Letter, Parcel, Large Parcel, Flat Rate Envelope, Small Flat Envelope, Small Flat Rate Box, Medium Rate Box, Large Rate Box, Regional Rate Box A, and Regional Rate Box B. For details please visit

– https://www.endicia.com/DazzleHelp/Content/Postage/Mail_Types_List.htm

Manage Endicia Account

The admin can manage its Endicia account by going to **USPS Endicia Management > Manage Endicia Account**. From here, the admin can check the Account Id, Account Balance and buy Postage easily.

The admin can purchase postage the stamps by entering the preferred amount in USD. Please make sure that you have entered the correct credit card details on your Endicia account.

The screenshot displays the 'Manage Endicia Account' page. On the left is a vertical sidebar with navigation links: DASHBOARD, WEBKUL ABANDONED CART, CREDIT MANAGEMENT, USPS ENDICIA MANAGEMENT (highlighted), UVDISK CONNECTOR, SALES, CATALOG, CUSTOMERS, and MARKETING. The main content area is titled 'Manage Endicia Account' and includes a 'Reset' button in the top right. Below the title, there are two main sections: 'Account Details' and 'Buy Postage'. The 'Account Details' section contains a table with the following information:

Account Details	
Account Type	USPS
Account ID	2547135
Account Balance	\$496.12

Below the table is a red 'Refresh Detail' button. The 'Buy Postage' section features a text input field labeled 'Amount(USD)' with the value '200.00' and a red 'Buy Postage' button. At the bottom of the page, there is a footer with the text 'Copyright © 2018 Magento Commerce Inc. All rights reserved.' and 'Magento ver. 2.2.' on the right. There are also links for 'Account Activity' and 'Report an Issue'.

Customer Front-End

The customer can check the shipping rates from the shopping cart and estimate the shipping costs and the taxes without going through the checkout process.

Cancel Shipping Label

The admin is provided with the feature of cancel shipping label. To cancel the shipping label the admin will navigate to **Sales > Orders**.

There the admin will view desired order and click on the Ship option as shown in the image below:

The screenshot shows the 'Order View' page for order #000000069. The left sidebar contains navigation links: DASHBOARD, WEBKUL ABANDONED CART, CREDIT MANAGEMENT, PAYMENT SHIPPING MAPPING, PRODUCT ATTACHMENTS, SALES, and USPS ENDICIA MANAGEMENT. The top navigation bar includes a search icon, a notification bell with 3 alerts, and a user profile 'demo'. The main content area has a top bar with buttons: Back, Cancel, Send Email, Hold, Invoice, Ship (highlighted with a red box), Reorder, and Edit. Below this, the 'ORDER VIEW' section is divided into 'Information' (selected) and 'Invoices', 'Credit Memos', 'Shipments', and 'Comments History'. The 'Information' section displays 'Order & Account Information'. The 'Order' details include: Order # 000000069 (The order confirmation email was sent), Order Date: Oct 11, 2019, 11:05:10 AM, Order Status: Pending, Purchased From: Main Website, Main Website Store, Default Store View, Placed from IP: 172.17.0.1 (203.122.41.218), and SAR / USD rate: 0.2000. The 'Account Information' section shows: Customer Name: John Doe, Email: test@webkul.com, and Customer Group: General.

Just after the admin clicks on the Ship button, the admin will add the **tracking number** and click on the Submit Shipment.

The screenshot shows the 'New Shipment' page. The left sidebar contains navigation links: CREDIT MANAGEMENT, PAYMENT SHIPPING MAPPING, PRODUCT ATTACHMENTS, SALES, USPS ENDICIA MANAGEMENT, UVDESK CONNECTOR, CATALOG, CUSTOMERS, and MARKETING. The top navigation bar includes a search icon, a notification bell with 3 alerts, and a user profile 'demo'. The main content area has a top bar with buttons: Back and Reset. Below this, the 'New Shipment' section is divided into 'Payment & Shipping Method' and 'Shipping Information'. The 'Payment & Shipping Method' section shows 'Payment Information' with 'Check / Money order' and 'The order was placed using SAR.'. The 'Shipping Information' section shows 'Free Shipping - Free' and 'Total Shipping Charges: \$0.00 [SAR0.00]'. Below this, a table is displayed with columns: Carrier, Title, Number, and Action. The table contains one row with 'USPS Endicia' as the carrier, 'USPS Endicia' as the title, and '45879458659856' as the number. A red box highlights the 'Shipping Information' section and the table. Below the table, there is an 'Add Tracking Number' button. The 'Items to Ship' section shows a table with columns: Product, Qty, and Qty to Ship. The table contains one row with 'Smart Phone' as the product, 'Ordered 1' as the qty, and '1' as the qty to ship.

After that, the shipment of the order will be created and displayed under the **Shipment** section. The shipment details will include:

- Shipment Number
- Ship Date
- Order

- Order Date
- Ship-to Name
- Total Quantity

The admin will view the shipment.

Once, the admin views the shipment a **Cancel Shipping Label** button will appear in the shipment page. Admin will click on the Cancel Shipping Label.

Once, the admin clicks on the Cancel button, a side view will appear which includes the list of tracking numbers. The admin will select the desired tracking number and click on **Submit Request**.
