1. Introduction

This extension that comes out of Woom labs makes it possible for merchants to redirect customer from products that have been discontinued. A discontinued product can be redirected to either another product or a category. Marchants can also provide a custom message which will be displayed to customer.

2. Installation

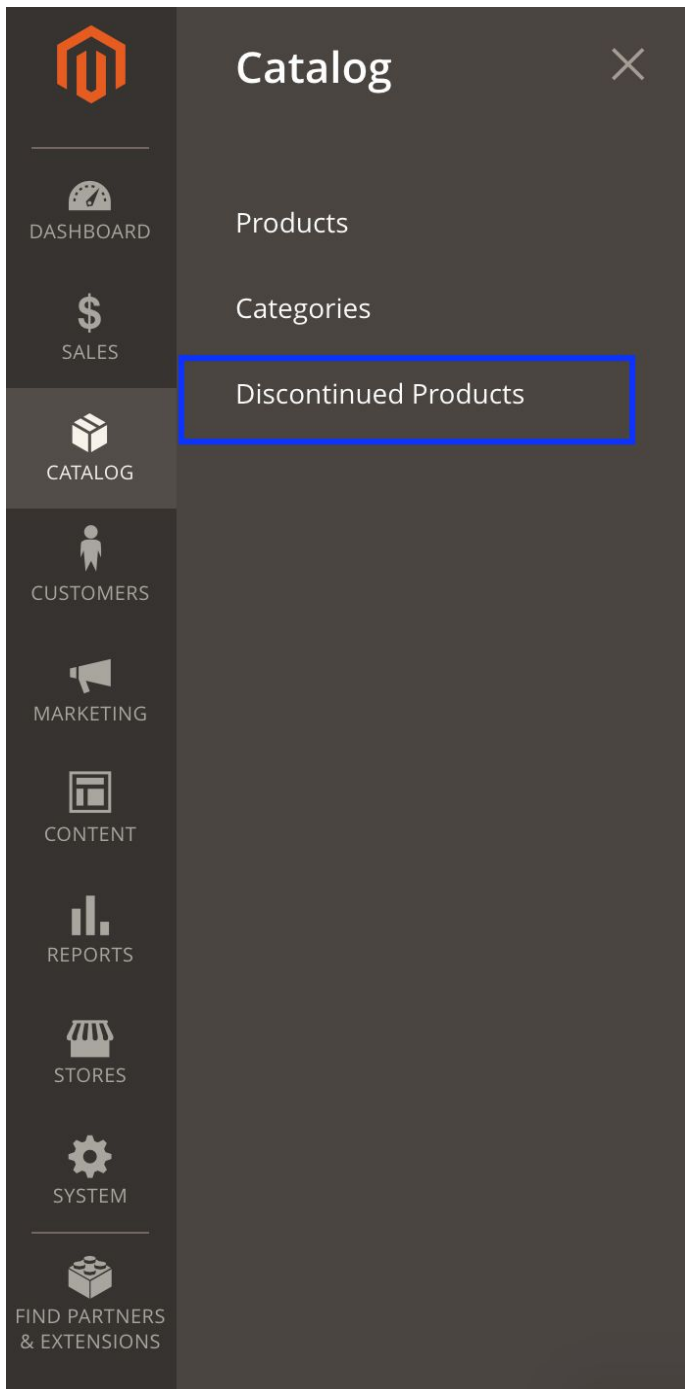

This extension can be installed via:

1. Copying extension contents into app/code folder of your Magento 2 installation
2. Component manager
<http://devdocs.magento.com/guides/v2.1/comp-mgr/module-man/compman-start.html>

3. Selecting product as discontinued

To select product as discontinued, follow these steps:

1. Open your Magento 2 administration and navigate to “Catalog->Discontinued Products” section

2. Add a new discontinued product by clicking “Add New Discontinued Product”.

Discontinued Products

4. Discontinued Products options

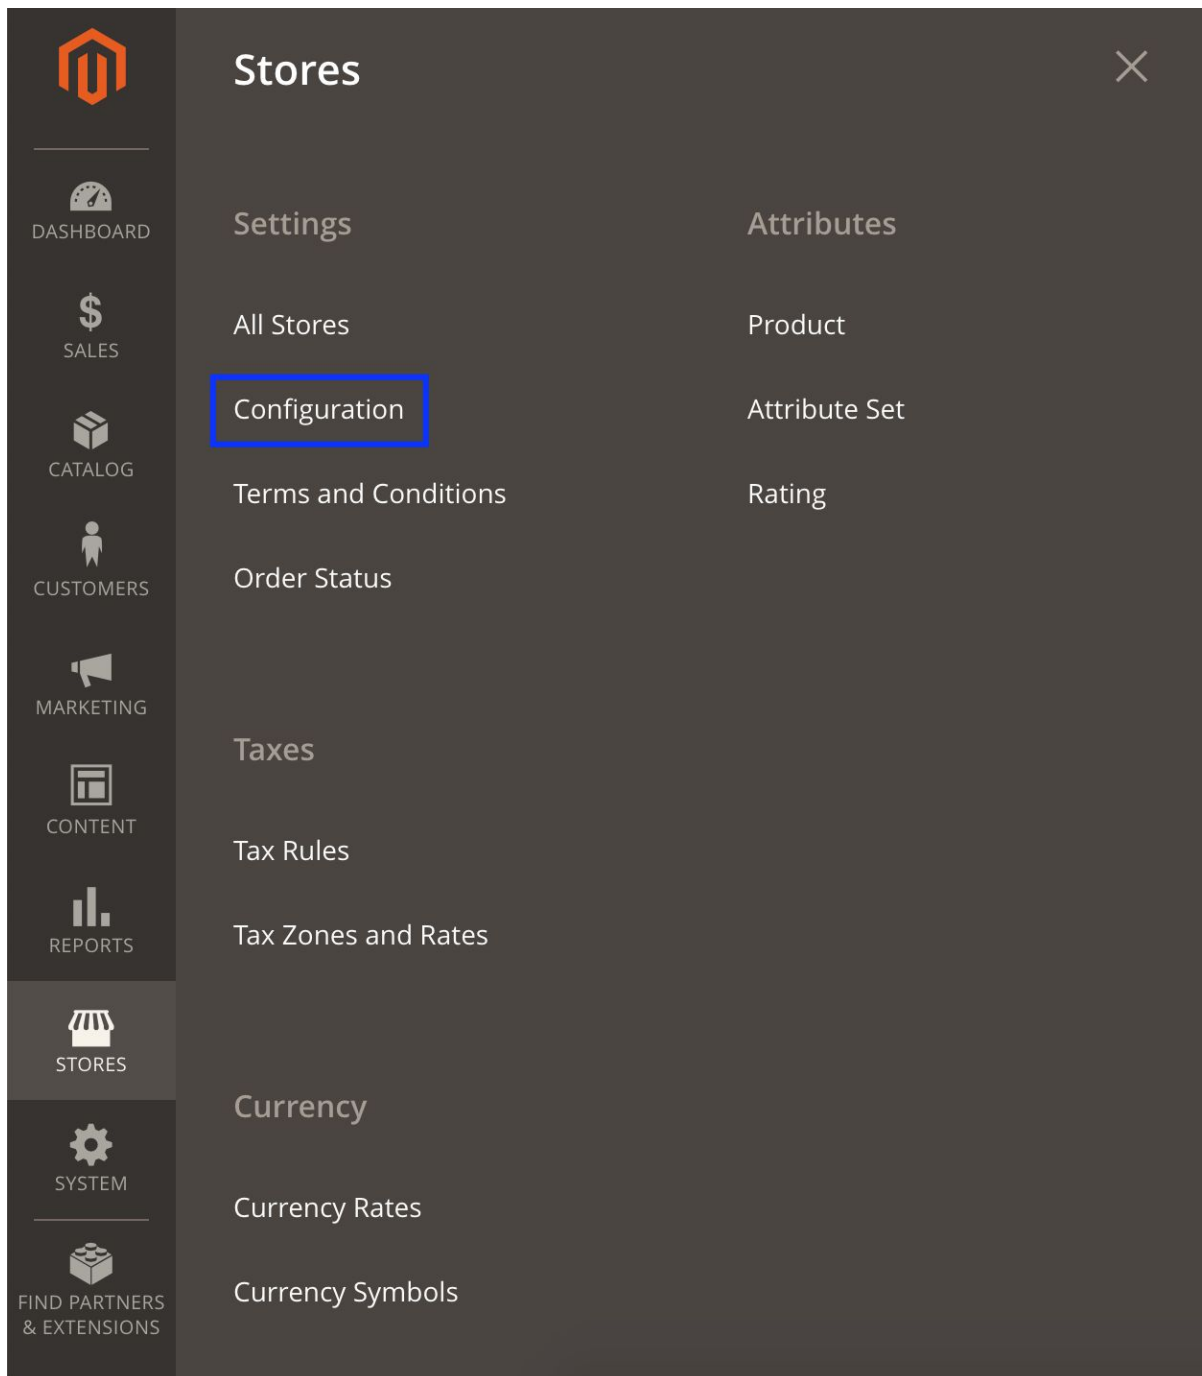

There are multiple options you can select.

1. Product ID
 - Sets the product that is discontinued
2. Replacement Type
 - The customer can be redirected to another product or a category. You also have the option not to redirect, but to only display a message.
3. Replacement Product / Replacement Category
 - Which option will be displayed depends on the selected replacement type. If the selected replacement type is:
 - Product
 - Replacement Product is displayed
 - Category
 - Replacement Category is displayed
 - Message
 - No further option is displayed
4. Message Title
 - Add a custom message title
5. Message Text
 - Add custom content of your message
6. Redirect Code
 - 301 (Moved permanently)
 - Indicates that the product has been permanently discontinued
 - 302 (Found)
 - Indicates that the product has been temporarily discontinued

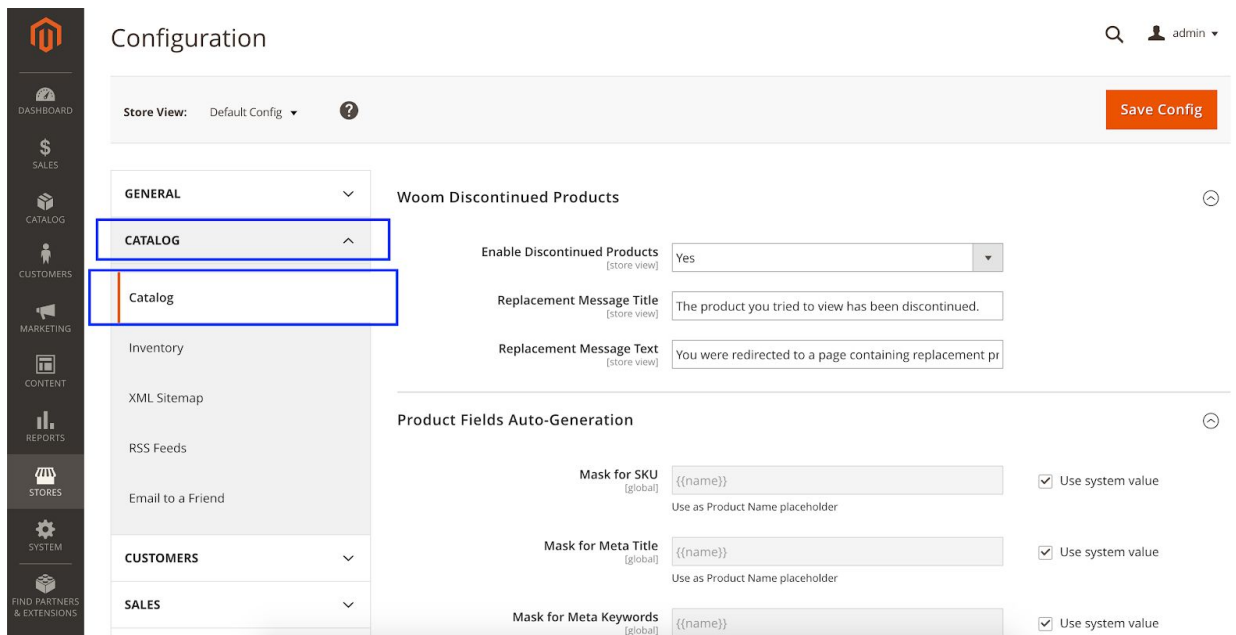

5. Discontinued Products configuration

To configure the Discontinued Products module, follow these steps:

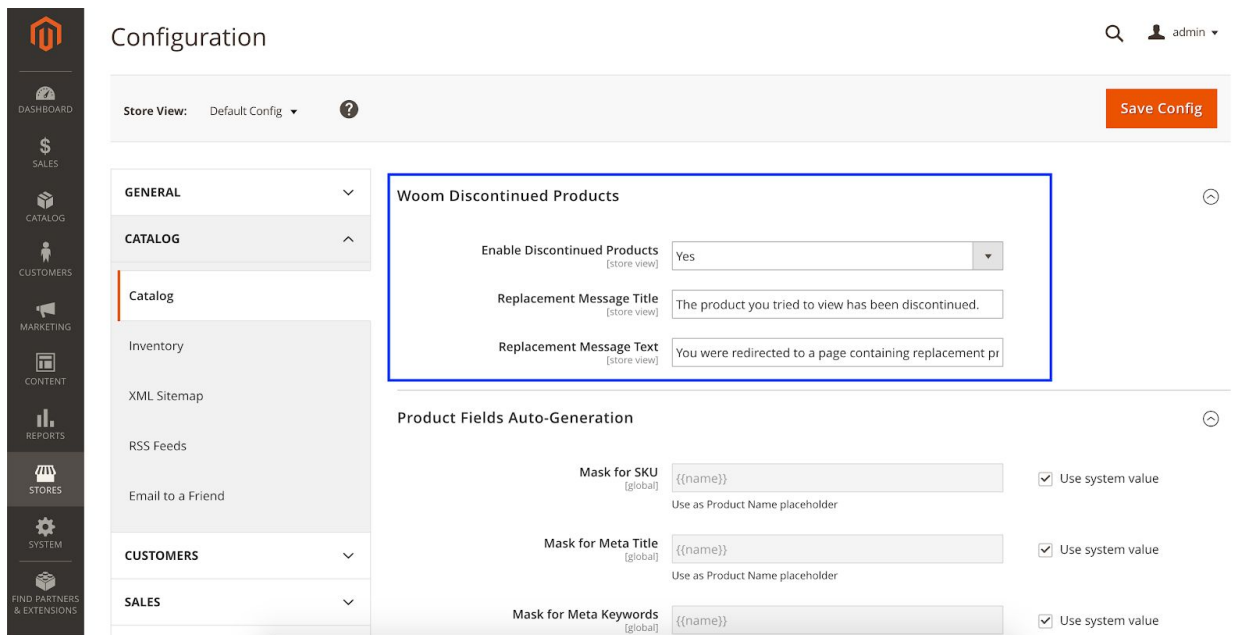

1. Navigate to “Stores->Configuration”

2. On the left expand “Catalog” and select “Catalog”

3. Select “Yes” on “Enable Discontinued Products” to enable the module. The default message title and text can be configured. They will be displayed if no custom title or text has been added.
