

Please refer to our support wiki for installation/configuration guides as well as the documentation:

http://support.xtento.com/wiki/Magento_2_Extensions:Simplify_Bulk_Order_Processing

In order to obtain your license keys, please send an email to info@xtento.com stating your Magento account ID (MAG.....) and your name, and mention the live domain of your store (=the Magento admin URL) as well as any development domains you use. Development domains are included at no extra cost as long as they're clearly no live domains. More information regarding development license keys can be found in our wiki.
