

# GeoIP Redirection & Locker

**How to Install:** Download the "Ready to paste" package from your customer's area, unzip it and upload the all files in 'app/code/YogeshKhasturi/GeoIpRedirection' folder to your Magento install dir.

**Update the Database:** Move to Magento Root directory with CLI and use below commands

- php bin/magento setup:upgrade
- php bin/magento cache:flush
- php bin/magento setup:static-content:deploy

**How to Use :** Go to Store->Configuration->Yogesh Khasturi->Geo IP

Enable GeoIp Lock if you want to avoid visitors from selected countries.

Enable Geo IP Redirection If you want to redirect Visitors to specific country' Store

**NOTE FOR REDIRECTION:** if you want the redirection to work you have to Make you Store View Code as Country code.

Example: For **United State of America** Store code will be **US**

**NOTE:** This module not work until you insert API KEY. You will find your free API KEY from <https://ipstack.com/>

**FEEL FREE TO CONTACT IN CASE OF ANY CUSTOMIZATION .**
